**A Death. An Escape. A Dangerous Charade.** Though Staci was bright and beautiful, her life was a nightmare. Growing up in foster care, experimenting with drugs, gangs and guns, falling into twisted relationships with men, she was constantly on the run from predators and peril. When a devastating accident paves the way to escape her tortured past, she jumps at the chance to start fresh, live the good life she'd only seen in movies and on TV. Driven and savvy, she creates a new character, studies hard and practices for the part, the role of lifetime, the role that she hopes will redeem her. When Staci's path intersects with Santos Rosa, RN and the dynamic team at Medical Center Hospital in the Texas Medical Center, Houston, she enters not only a world of hope and love, compassion and clinical excellence, but evil and danger. Once again, Triolo weaves contemporary healthcare and workplace issues into a compelling story to create this new romantic suspense.
