Christianity is written on every page of America's amazing history. Gary DeMar presents well-documented facts which will change your perspective about what it means to be a Christian in America; the truth about America's Christian past as it relates to supreme court justices, and presidents; the Christian character of colonial charters, state constitutions, and the US Constitution; the Christian foundation of colleges, the Christian character of Washington, D.C.; the origin of Thanksgiving and so much more. Three appendixes have been added that further emphasize Christianity's positive influence on America. Additional information includes "Deism and the Founding of America" and "Jesus Christ and the Founding of America." This is an indispensable book which is needed in a time when even "under God" is coming under fire.
