Excerpt from Early History of the Reformed Church in Pennsylvania: By Daniel Miller, With Introduction by Prof. W. J, Hinke, D. D

To the author of this volume the early history of the Reformed Church in Pennsylvania has been the subject of pleasant study for a long time. There are many facts connected with this history which are not only intensely interesting, but also calculated to prompt us to more fully appreciate our religious heritage. The history is presented in plain language and in a form which may be readily understood. It is often said that many writers assume too much intelligence on the part of the average reader, and fail to give all the facts connected with a subject. We have sought to present all the salient facts related to a subject, even at the risk of repeating some statements, so as to make matters easily understood.

We hope the reader will find as much pleasure in reading this book as the author enjoyed in preparing it, although it involved a vast deal of time and research. In the preparation of this volume the author derived much aid from the recently published proceedings of the Coetus, and many unpublished reports and letters bearing on the early history of our Church. For access to the latter he is indebted to Dr. James I. Good. He is also under obligations to Prof. W. J. Hinke for valuable information upon certain points.
