Emily Cavendish has just entered the prestigious Hamilton Prep School, where social and academic success is determined by status and influence among the school's reigning secret societies, the Sons & Daughters of Machiavelli. Nothing is as it appears among the children of the nation's elite. During her first year, Emily runs for Student Body President and stumbles upon a secret program in which Chinese exchange students are stealing patents to develop electronics destined for Indians tribes. At the center of this program is a Scottish exchange student who has set up surveillance devices around the school. Secrets will be revealed at Saddie's Dance as the students jostle for power and position in this dark cautionary tale.
