## Lasers in Dermatological Practice

Laser surgery is one of the fastest developing procedures in the field of dermatology. This book is a step by step guide to the use of lasers in dermatological practice, covering both common procedures and more advanced techniques. Divided into three sections, the book begins with discussion on conventional laser treatments, followed by chapters on advanced procedures. The final section describes practical aspects including medicolegal issues, complications, and setting up a laser practice. Presented in a systematic, easy to follow format, each chapter is explained with numerous tables, charts, diagrams and clinical photographs to enhance learning. Key points \* Step by step guide to use of lasers in dermatological practice \* In depth discussion on both conventional and advance techniques \* Complete section on practical aspects including medicolegal issues and complications \* Includes nearly 300 images, illustrations, tables and charts
