The 1980's: Countdown to Armageddon Hal Lindsey

The premise of this book is based upon Hal Lindsey's prophecies that the anti-Christ is already here on earth and will come forth during the 1980s. In a nutshell, the author predicts that Russia will attack Iran in order to gain control of the world's oil resources. Then China is going to jump into the fray and spread the war around the world, during which every major city is leveled and more than 1/2 of the world's population dies. This scenario concludes with the re-emergence of the Roman Empire, consisting of a 10-nation confederacy. At that juncture, a world political leader (an uber-persuasive brain-child who resolves of all of the world's problems, such as hunger and oil for everyone), will rise to power within this new world government. No one can resist this guy, who ultimately reveals that he is the Anti-Christ and, along with Satan, leads humanity to utter destruction.
