## **Bonsai Techniques II** John Yoshio Naka

This book was written to fill the need for more advanced knowledge among English-speaking bonsai practitioners than had been included in the author's first book. He especially wanted to expand on the relationship between nature and the concept of bonsai. Chapters include Rootage, Trunks, Branches, Apex, Styling, Collecting Techniques, Indigenous Trees in Other Countries, Trees to Study, Styling Hints from Sumi-e Paintings, Changing Wardrobes Through Inarching, Shohin Bonsai, Containers, Displaying, Complimentary Plants, Suiseki - Viewing Stones, and California Juniper. Like the first volume, this one too is profusely illustrated with photos and diagrams. The two volumes together provide a veritable encyclopedia of bonsai techniques.

### From reader reviews:

#### **Herman Nelson:**

What do you concentrate on book? It is just for students since they are still students or the idea for all people in the world, what the best subject for that? Merely you can be answered for that issue above. Every person has several personality and hobby for every single other. Don't to be compelled someone or something that they don't would like do that. You must know how great along with important the book Bonsai Techniques II. All type of book can you see on many methods. You can look for the internet options or other social media.

#### **Charles Eiland:**

Nowadays reading books become more than want or need but also be a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The data you get based on what kind of book you read, if you want drive more knowledge just go with education books but if you want truly feel happy read one having theme for entertaining for example comic or novel. Typically the Bonsai Techniques II is kind of reserve which is giving the reader erratic experience.

#### **Fern Barron:**
