## To Release An Earl Ilene Wither

After experiencing a life changing, debilitating injury while out riding her beloved horse, Willa Dutton is convinced she should release her fiancé, the Earl of Roydon, from their engagement. After all, what man could possibly want her now? Another woman would be better able to provide him with heirs and participate in the activities he loves. Going against her true feelings for the earl, Willa begins to play matchmaker.

The Earl of Roydon believes someone is trying to kill his bride-to-be. Learning her saddle is sabotaged is only the beginning. As more attempts are made to kill Willa, the earl sets out to find out who the suspect is. Meanwhile, he finds Willa's behavior has become distant. She is hosting parties and pushing other women at him. The earl's gut tells him these turn of events extend from her riding accident, but he's clueless on how to make her see reason.

Can he convince Willa he still loves her despite her injuries? Can he keep her safe in his arms until the attempt on her life is over?
