(from the author of *When Love Is a Lie*)

The No-Contact Rule is the only surefire method for ending the cycles of abuse with narcissists and other emotional manipulators. The dynamic of these relationships is so complex that it takes a very specific strategy to break the mental connection....to put distance between yourself and the person who is hurting you. Going *no contact* is the only way to do this and Zari Ballard's newest book, *Narcissist Free*, is the go-to break-up survival guide that shows you exactly how to get it done.

*"The biggest reward of no contact is silence. Victims don't understand this as a reward until they really remove the narcissist's avenues for gaining access into their lives. Once this is done, it becomes very clear why no contact works. Suddenly you're not worrying about or waiting for a text, an email, or a phone call because you've made the connection impossible. No Contact means exactly that - no contact."* **Narcissist Free (Chapter VIII - The No Contact Rule)**

*Narcissist Free* is filled with tips, tricks, stories, and motivators to guide you through each important step - before, during, and after the break-up. The no-contact strategy, when done correctly and with the right intention, instantly ends the cycles of chaos that have become the norm in your life. Even in co-parenting situations, there are certain ways to modify the rules of no contact so that you remain in control.

If you're suffering abuse at the hands of a narcissistic partner, no contact is your ticket up and out of the madness. Download this book today from Amazon and take the first step towards becoming narcissist free *today*.....
