Chemistry Labs for the Diverse Learners utilizes the KWL charts. KWL stands for: What do I know about the topic? , What did I learn about the topic? , and What do I still want to learn about the topic? .It is a great instructional strategy to use during the entire lesson. The labs also give the students choices in choosing analysis questions they feel confident to answer. Many chemistry lab manuals are written by chemistry professors. This lab manual is written by a high school teacher who understands how high school students think. The pictures help students understand how to conduct the labs. The objectives utilize Bloom's taxonomy and the analysis questions offer students choices. These labs have been used in chemistry classrooms of all ability levels with success. Chemistry Labs for the Diverse Learner is an attempt to reach all diverse chemistry students while making learning chemistry fun and rewarding for your students.
