## **Fighting with the German Longsword** Christian Tobler

Recorded over six centuries ago, the teachings of the 14th-century Master-at-Arms Johannes Liechtenauer have been given new life by a world-wide community of modern swordsmen and women, fascinated by the elegance, efficiency and depth of his unique martial art. Christian Henry Tobler was one of the pioneers in reviving the medieval Master's art, creating the first, published syllabus for training with the two-handed longsword back in 2004. This fully rewritten, revised and expanded edition brings to bear a decade of refinement, creating a definitive, "how to" guide for students. Beginning with a short historical overview of the art, Mr. Tobler teaches stance, footwork, methods for gripping the sword, and step-by-step instructions for executing the core techniques of the Liechtenauer tradition. Additional chapters introduce students to wrestling, spear and armoured combat; demonstrating the art's depth and breadth. Heavily photo-illustrated, the book also makes use of decision-trees and training drills to aid in learning. Used as a complete, self-contained course, or a primer for studying the original medieval works themselves, this unique book will be invaluable to martial artists, reenactors, medieval historians, or anyone who has ever wondered "how did knights fight?"
