This is the third edition of Critical Incident Stress Debriefing (CISD). This new edition is the most expanded and comprehensive thus far. CISD provides the most up-to-date protocols for the application of group interventions within the CISM field. It is a handbook for demobilization, Crisis Management Briefing (CMB), defusing and Critical Incident Stress Debriefing (CISD). It covers both basic and advanced knowledge and the suggested skills required to provide effective group crisis intervention services. This book undoubtedly places CISD and the other group crisis interventions squarely within their rightful context of crisis intervention and the field of Critical Incident Stress Management.
