How To Meet Women On Facebook Joseph Salama

Facebook has ONE BILLION users - 57% of whom are women. There is therefore an endless supply of women for you to meet on Facebook - and it is completely free.

There are hundreds of books out there on how to "pick up" and meet women. They focus on canned "lines" and deceiving a woman in order to have sex with her. Morality aside, this is simply not the right approach in order to be the most successful. Women are smarter than that, and unless you are an academy award-winning actor, the façade will eventually fall.

Just like it is harder to look busy at work than it is to actually do your work, it is easier to become a more attractive man than it is to fake it. This book will not only help you learn how to become a more attractive man, but it will also give you all the tools you need in order to convey it effectively on Facebook.
