The Athenian Constitution (Penguin Classics) Aristotle

Probably written by a student of Aristotle, *The Athenian Constitution* is both a history and an analysis of Athens' political machinery between the seventh and fourth centuries BC, which stands as a model of democracy at a time when city-states lived under differing kinds of government. The writer recounts the major reforms of Solon, the rule of the tyrant Pisistratus and his sons, the emergence of the democracy in which power was shared by all free male citizens, and the leadership of Pericles and the demagogues who followed him. He goes on to examine the city's administration in his own time - the council, the officials and the judicial system. For its information on Athens' development and how the democracy worked, *The Athenian Constitution* is an invaluable source of knowledge about the Athenian city-state.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
