Papers of John Marshall, Vol. 9, 1820-1823 (Published for the Omohundro Institute of Early American History and Culture, Williamsburg, Virginia)

This volume marks the continuation of the first annotated edition of the papers of John Marshall, the great statesman and jurist. The Supreme Court's most celebrated case during these years was *Cohens v. Virginia* (1821). What began as a prosecution for the sale of lottery tickets eventually brought forth a major statement on the scope and extent of federal judicial power from Chief Justice Marshall. Like *McCulloch v. Maryland* (1819), the *Cohens* decision provoked the wrath of the guardians of states' rights in Virginia. As his correspondence shows, Marshall was deeply concerned that the reaction to *Cohens* and other nationalizing decisions would translate into proposals to curb the Supreme Court's powers.

Besides chronicling Marshall's judicial activities, this volume yields illuminating glimpses into his private interests and family life. When not sitting in court, Marshall was busy revising his *Life of Washington* and preparing an edition of General Washington's letters.
