Wild Bill Donovan: The Spymaster Who Created the OSS and Modern American Espionage of Waller, Douglas on 08 February 2011

He was one of America's most exciting and secretive generals—the man Franklin Roosevelt made his top spy in World War II. A mythic figure whose legacy is still intensely debated, “Wild Bill” Donovan was director of the Office of Strategic Services (the country's first national intelligence agency) and the father of today's CIA. Donovan introduced the nation to the dark arts of covert warfare on a scale it had never seen before. Now, veteran journalist Douglas Waller has mined government and private archives throughout the United States and England, drawn on thousands of pages of recently declassified documents, and interviewed scores of Donovan's relatives, friends, and associates to produce a riveting biography of one of the most powerful men in modern espionage.
