The Left-Handed Guitar Chord Book: Shows the most common chords plus the chord notes and scale degrees Mr P.M.P. Green

This book is a unique guitar chord reference. 468 chords are shown for left-handed guitarists. It not only shows the chord shape but the notes and scale degrees in each chord. This is very useful for all guitar players. Beginners should not only try to learn the chord shapes in this book but at the same time they should try to learn the RED indicators in each chord box (the 1st scale degree) i.e. the RED caps, rings and strings, try to learn them together. Learning this way will greatly assist you when you progress to learning the notes on the neck, learning scales, lead guitar playing, song writing and in many other musical areas. This innovative method of learning will greatly help you to become a proficient guitarist. Intermediate and advanced players will find that learning the other scale degrees indicated (other colours of caps, rings and strings) in each chord box a great help as you progress through your musical career. A right-handed version of this book is also available, see ISBN: 978-1493660322
