## **An Icelandic-English Dictionary** Richard Cleasby

First published in 1874, this landmark dictionary of old Icelandic is both authoritative and comprehensive. It offers thousands of illustrative quotations, full descriptions of pronunciation for every letter, and a detailed outline of grammar that includes the old Icelandic alphabet, word formation, and spelling. The 52-page supplement contains a list of additional words and references from the eleventh century to the mid-fourteenth century. An essential point of reference for any student of old Icelandic, supplement author Sir William A. Craigie stated in 1957 that 'though the dictionary is mainly intended for the old authors, both in prose and poetry, it endeavours to embrace an account of the whole language, old and new'.

#### **Sharon Brogdon:**

On this era which is the greater man or who has ability to do something more are more valuable than other. Do you want to become among it? It is just simple approach to have that. What you must do is just spending your time almost no but quite enough to get a look at some books. Among the books in the top listing in your reading list is definitely An Icelandic-English Dictionary. This book which is qualified as The Hungry Slopes can get you closer in getting precious person. By looking right up and review this reserve you can get many advantages.

#### **Cara Shaver:**

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just small students that has reading's spirit or real their interest. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this An Icelandic-English Dictionary can make you sense more interested to read.
