Kenosis Of God: The Self-Limitation Of God - Father, Son, And Holy Spirit David T WILLIAMS

My first impression of the title 'Kenosis of God' was that this was going to be an academic book replete with boring, complex and difficult exegetical and theological arguments. On the contrary, I found out after reading that it was very engaging, exciting and very refreshing book on Christian Theology. The major strengths of this book are [that it is] (1) thoroughly biblical, (2) historically and theologically consistent with evangelically Christianity, (3) philosophically logical and coherent, and above all (4) relevant to the Christian life. I enthusiastically commend this book not only to Bible students and academic theologians but to Christians who desire not only to know the truth of Christian Theology but its implications on the Christian life. Professor Samuel Waje Kunhiyop, PhD, Head of Postgraduate School, South African Theological Seminary The book argues that the kenosis of Jesus is not an isolated act in the history of incarnation but is embedded in the very nature of his divinity. The entire Trinity operates in kenosis, a deliberate choice to self-limitation in order to relate with one another and with the powerless. The book shows that each person of the Trinity, Father, Son and the Holy Spirit, participates and works in a kenotic way in their relation to the humanity. The creator who accepts to give dominion to the people He created, Jesus who limits himself by becoming a human being and the Spirit who dwells in and works through the Church accepting the risk of being grieved by the human fallen nature. Dr. Lubunga w'Ehusha of the Evangelical Seminary of Southern Africa
